

The Dimplex Collection

OPTI-MYST[®]

Electric Fireplaces

 Dimplex[®]

Features

Flame

Revolutionary ultrasonic technology produces a fine mist to create the illusion of flames and smoke.

Remote

Includes a convenient remote control for ease of use at your fingertips.

Economical*

Economical to operate. Costing only pennies per hour.

Green

The green alternative. No harmful particulates or emissions and 100% efficient. Produces 90% less carbon dioxide than an average direct vent gas fireplace.

Instant Ambiance

Plugs into any standard household outlet.

Quick Assembly

Sets up in minutes with step-by-step assembly instructions allowing you more time to enjoy your fireplace.

Easy Fill Water Tank

Offers 12-14 hours of continuous operation before refilling.

Safe

Completely safe, cool flames, no emissions.

*Based on national average residential electricity rate. Rates vary.

Wall-mounts

A new level of realism you have to see to believe.

The revolutionary Opti-myst products utilize ultrasonic technology to produce the most compelling flame and smoke effect in the market. As mist rises up through the media bed, light reflects against the water molecules creating a convincing illusion of flames and smoke. Because the Opti-myst fireplace does not use combustion and because the flame is really just cool water vapor, it is completely harmless and free of toxic fumes.

The ideal alternative for gas or wood, Opti-myst offers incredible realism without the mess or costly installation of traditional fireplaces. Simply plug in, and enjoy!

Wall-mount Fireplaces

Use in any space large or small, including bedrooms, bathrooms, foyers and more.

Plug-in Cassettes

For custom applications.

Media Console and Mantels

Exquisitely designed with premium grade finishes and patented flame technology.

Versatile Insert

For any unused masonry opening or faux fireplace.

Specialty Features

Supplemental Heat

Includes a powerful fan-forced heater designed to keep the rooms you spend the most time in warm and comfortable.

Pulsating Embers

Glowing embers illuminate from below creating the true look and feel of a woodburning fire.

Inner Glow Logs

Pulsating embers glow from within the realistic, hand crafted logs.

Glowing Ashes

A natural arrangement of glowing ashes creates an authentic feel.

Metal Log Grate

Traditional metal log grate enhances the fireplace look while cradling the handcrafted logs.

Optional Metal Backing

Metal backer inserts into fireplace for dramatic presentation of flame effect.

Ember Bed Options

Choose from logs molded from actual wood for incredible realism or natural-looking rocks for a contemporary look.
